To Whom It May Concern:

I am preparing a manuscript entitled *Gruppo Ponte di Messina (GPM) feasibility Studies*, to be published by CRC Press/Balkema, The Netherlands, with an estimated publication date of December 2008.

We request permission to use the attached figures in this and all subsequent printings of the above referenced work, including electronic formats, published by CRC Press / Balkema or its licensees for distribution throughout the world. The figures appeared in the following publication:

Ishihara, K. (1985). "Stability of natural deposits during earthquakes." *Proceedings, Eleventh International Conference on Soil Mechanics and Foundation Engineering*, San Francisco, A. A. Balkema, Rotterdam, pp. 321-376.

Whitman, R. V. (1985). "On liquefaction." *Proceedings, Eleventh International Conference on Soil Mechanics and Foundation Engineering*. San Francisco, CA. A.A. Balkema, pp 1923-1926.

With your permission, the first author and date of this source will appear in the figure's caption, with the source listed as above in the reference section. Please indicate your consent by signing and returning a copy of this letter to me by mail, fax, or return e-mail (yourname@emailaddress.edu). I hope to receive a positive reply from you within 3 weeks. If not I assume that permission is granted. If you do not own the rights to the requested material, please let me know who does.
